When Would You Want To Be Protected?

Why Choose an Autopact Protection Plan?

Greater Reassurance

Peace of mind that you are covered when you will need it most.*

No Excess

Absolutely No excess payable on claims – none.

Quality Repairs

All servicing and repairs are performed by qualified technicians using the latest technology and equipment to ensure the value of your vehicle is protected.*

Affordable

We offer interest free, no fee payment plans to help ease the stress of upfront payment so you can protect your vehicle from day one.

Add Value To Your Vehicle

Should you decide to sell privately, you will have added value to your vehicle as a result of consistent, regular servicing with an Autopact Protection Plan.*

For further information about our payment plan options, please contact your business manager.

* To the limits of the plan, please refer to the Mechanical Protection Plan booklet or contact us for further information.

Kylie from Warana \$2,200 claim

Thanks for the great service and no-hassle claim process. My car was repaired within days and I didn't need to pay a cent! Not sure how I would have afforded the repairs if I wasn't covered by the Autopact Mechanical Protection Plan.

Christopher from Cooroy \$1,900 claim

I bought my car 4 years ago and I had not had any issues and then suddenly something went wrong without warning. I was lucky to have bought the Autopact Mechanical Protection Plan when I bought the car so my claim was fully covered.

Sonia From Diddillibah \$4,100 claim

Thank you Cricks for your quick and friendly service. My car unexpectedly wouldn't even start but my roadside took care of the towing and my Autopact Mechanical Protection Plan took care of the claim. Brilliant!
