Take Charge.

At MG, ambition powers our vision. We believe EVs and hybrids should blend eco-awareness with efficient performance, driving progress in mobility, while ensuring our services remain inclusive for every driver. MG Motor New Zealand's 'Take Charge' ethos reflects our dedication, empowering drivers as we lead an evolution in the way you travel. In our continued development, we prioritise universal access, empowering Kiwis to mark their driving achievements, whether they opt for an EV, Hybrid, or our time-honored petrol vehicles.

The MGS5 EV exemplifies this inclusivity by merging advanced tech, with a dynamic electric drive. Confident acceleration, precise handling, and impressive power all have been built on the success of the MGS5 EV predecessor, the MG ZS EV, with each element now refined and optimised. MG Motor is committed to spearheading the electrification of our roads, ensuring no compromise on performance. With the MGS5 EV, we set a new standard for zero-emission travel, empowering New Zealanders to drive towards a sustainable future. Beyond its dynamic capabilities, the MGS5 EV is a clean-energy vehicle, featuring forward-thinking technology that enhances both eco-friendliness and driving experience.

Join the MG community as we pave the way for a cleaner, brighter, and more inspired future on New Zealand roads. We are well-versed in EV technology and will continue to deliver exceptional value across all our models – petrol, hybrid, and electric – boldly competing in the EV market. Together, we can accelerate the electric movement, making zero-emission driving accessible to everyone.

MG Design Language

Embracing MG's revitalised design language, MG5 EV integrates key elements from some of our newest models, such as the 'Wind Hunter' Active intake grill and Integrated Beam headlights. The body has been designed with agility and effortless in motion as the basis, with a soft and charming aerodynamic body design. Measuring at 4476mm in length, and standing at 1621mm in height, MG5 EV is a step above its counterparts with its strong presence.

For ultimate passenger comfort, the Essence trim boasts a full panoramic sunroof*, transforming every journey into a brighter and more enjoyable experience, especially for those in the back. MG5 EV showcases a modern and refined design, incorporating distinctive features and offering an enhanced passenger experience

*T&C's apply - Panoramic sunroof only available across Essence trims.

Elevated Interior

At the heart of the MG5 EV's modern and intuitive cabin lies the elegantly designed 12.8-inch infotainment screen. This vibrant and high-resolution display serves as the central command hub for a multitude of vehicle functions, seamlessly integrating information, entertainment, and connectivity features into one easily accessible interface. Crisp graphics and the intuitive menu system ensure navigating through the various options is a breeze, allowing the driver to remain focused on the road ahead.

Wireless Apple CarPlay® and Android Auto™ revolutionise smartphone integration. Ditch the cables – simply connect your compatible smartphone once, and its familiar interface appears wirelessly on the large screen. Enjoy easy access to navigation, music and calls

through the car's controls or voice commands*. It's about staying connected to what matters, safely and conveniently.

Complementing this advanced infotainment system is the elegant Wireless phone charger*, nestled conveniently within the central console. Enjoy its convenience, perfectly positioned in the center console for your ease of use. Simply place your compatible smartphone on the pad and arrive with even more charge. Complementing this are over 30 individual storage spaces for you and your passenger's needs.

The MG5 EV enhances your audio experience with Digital Radio (DAB+) and a well-engineered 6-speaker system*. DAB+ provides a wider range of stations

with superior sound quality and additional information. The strategically positioned speakers deliver a rich and immersive soundscape for all occupants to enjoy, whether it's talk radio or your favorite artists.

The MG5 EV offers adaptable and comfortable interiors. For added luxury, the Essence boasts premium upholstery and a captivating panoramic sunroof, creating a light and spacious feel. Practicality is enhanced by 40:60 split rear seats, allowing flexible passenger and cargo configurations. Enjoy a generous 453L of boot space, expanding significantly to 1441L with the rear seats folded, providing ample room for diverse needs.

*T&C's apply - Only available on Essence models

Dynamic Driving

5

With the arrival of the MGS5 EV, there's a newfound harmony between driver and road. Each bend and flex of the asphalt reveals a thoughtful calibration in its dynamics – it just flows. Forget wrestling the wheel; this feels intuitive and connected. The whole experience is geared towards a smooth, almost gliding sensation, making the everyday commute or weekend escape something genuinely pleasant. It slots into your life without fuss, really.

Choose between the 49kWh or 62kWh batteries, offering ranges of 335km and 450km (WLTP) respectively. DC Rapid Charging allows for 30-80% battery replenishment in under 20 minutes, minimising downtime. Furthermore, its V2L capability enables the vehicle to power external devices – a genuinely convenient feature when out and about.

The driving dynamics have undergone significant refinement and improvement. Built upon the Modular Scalable Platform, like the MG4, the MGS5 EV features calibrated MacPherson Five-link suspension tailored for the nuances of electric vehicle handling. Furthermore, its Rear-Wheel Drive (RWD) system intelligently distributes power to the rear wheels, enhancing acceleration, particularly on inclines. RWD also contributes to greater stability in corners by reducing understeer and body roll, ultimately providing the driver with enhanced confidence.

Safety and stability are paramount in the MGS5 EV, equipped with the comprehensive stability system (ESP) and backed by MG's PILOT safety suite. Finally, the driving experience with the MGS5 EV can be tuned to your liking; 3 distinct modes - ECO, Normal and Sport.

Note: Overseas model displayed above.

Electric Power

Built on our expertise in electric vehicle manufacturing and battery technology, MGS5 EV embodies a perfect fusion of stunning design and exceptional technology for the modern driver.

Embracing the innovative “One-Pack” battery design, the MGS5 EV features a pioneering horizontal cell structure, resulting in an ultra-thin 110mm in height power battery that optimises cabin space for occupants. With an advanced Battery Management System (BMS), the battery is efficiently monitored and charging parameters are adjusted in real-time, ensuring rapid and stable charging with industry-leading speed.

With both AC and DC charging capabilities, the MGS5 EV guarantees an efficient and reliable charging experience, whether it's at home or on the go. Use your MGS5 EV as a portable battery pack with the Vehicle to Load (V2L) function, straight from the charge port. Conveniently power your electronics on the go and see real time display of discharge information across the digital screen.

Formulate Yours!

ESSENCE 49

- EV Range of 335km (WLTP)
- 0-100km/hr in 8.2 seconds
- Real Wheel Drive (RWD)
- Rear Reading light
- LED Daytime running lights
- 10.25" Virtual Driver Information Display
- MG iSMART Compatibility
- Wireless Apple Carplay® and Android Auto™
- Electronic Parking Brake
- MG Pilot Safety Suite
- 360° Camera (HD)
- 6-Way Electric adjustable drivers seat
- Satellite Navigation

- Vehicle to Load Charging Functionality (V2L)
- 750kg towing capacity
- 18" Alloy wheels
- Keyless Entry
- Heated Leather Steering Wheel
- 6 Speak audio system
- Electronic Panoramic Sunroof
- Wireless Phone Charger
- Electrically Adjustable & Folding, Heated, Door Mirrors
- Rain Sensor Wiper
- Rear Privacy Glass
- Heated Front Seats
- Power Tailgate with One Foot Kick

ESSENCE 62

In addition to Essence 49:

- EV Range of 450km (WLTP)
- 0-100km/hr in 7 seconds

Unmatched Sophistication

INTERIOR COLOURS

Experience a new standard of comfort with the MGS5 EV, featuring a PVC cloth seating upholstery, with optional Grey Ivory interior colour as optional upon purchase.

*Grey Ivory interior colour option only available on Essence trim.

EXTERIOR COLOURS

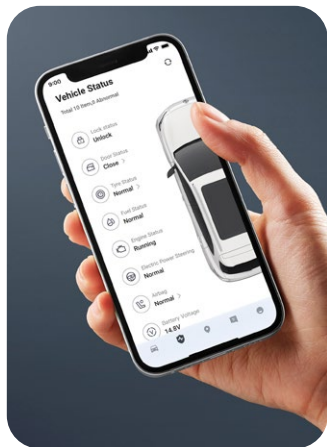

The MGS5 EV's bold and progressive design ensures a head-turning experience, making a powerful statement wherever it goes.

*Colours within this brochure may vary to those on the vehicle.

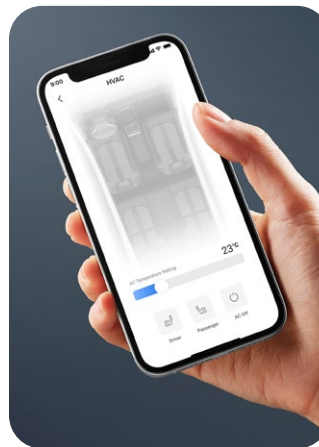

CONNECTED CONVENIENCE, INSIDE AND OUT.

With MG iSMART, you can control key functions of your MGS5 EV remotely, including monitoring charging and checking vehicle status – all from your smartphone.

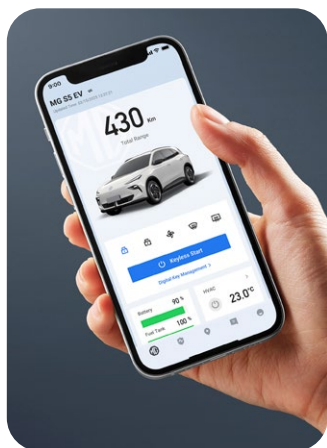

MATE, WHERE'S MY MG?

Lost track of where you parked? With a simple tap, the app shows your MG's precise location on the map, so you can navigate back easily.** For added convenience, activate the car's horn and flashing lights to spot it instantly in crowded parking lots. No more searching – your MG is just a tap away.

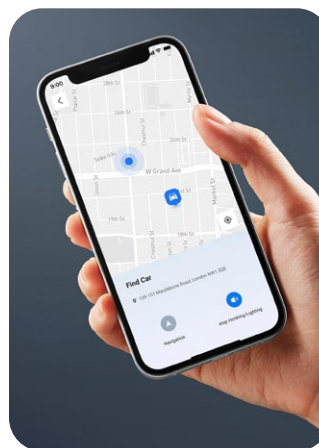

REMOTELY CONTROL FUNCTIONS

Enjoy the convenience of setting the air conditioning to cool your MG before you even get in, perfect for your daily commute or summer adventures. During colder months, you can remotely activate the driver's seat heating to stay cozy.*** Plus, lock and unlock your MG with ease – all from a distance.

CHECK MG OUT

All from the iSMART app, you can conveniently check your vehicle's status, including door locks, tyre pressure, fuel levels, engine health, and airbag readiness, all from your smartphone.

YOUR TRAVEL GUIDE

With just a tap, the Travel Planner lets you explore and search for destinations using the inbuilt digital map. Effortlessly plan your journey by browsing nearby points of interest, and mapping out your route.

Exceptional Service

A COMMITMENT TO ACCESSIBILITY AND QUALITY

At MG, we prioritise accessibility and provide top quality service. Our dedicated network of dealers are committed to ensuring an exceptional experience for every customer. From the moment you step into an MG dealership, you'll be greeted by a team of experts who understand your desire for style and performance. We are here to ensure that your journey with the MGS5 EV is truly extraordinary.

DRIVE WITH PEACE OF MIND

When you choose a new MG, you're not just getting style and design, you're also getting peace of mind with one of New Zealand's leading new car warranties. All new MG branded vehicles intended for personal use include a comprehensive manufacturer warranty~.

~Warranty & roadside assistance T&Cs at <https://mgmotor.co.nz/owners/warranty/>
Excludes fleet, government, or rental buyers.

MG's warranty is built for confidence. Your new MGS5 EV comes with up to 10 years or 250,000km coverage when you service with MG~. That's 7 years unlimited as standard, plus a 3-year MG service-activated extension, taking you up to a total of 10 years or 250,000km, whichever comes first.

It's all part of our commitment to long-term reliability and value, keeping your MG protected for years to come.

12 Advanced Safety, Enhanced Driving

We know when it comes to picking the right car for the family, safety is of the utmost importance and the all-new MGS5 EV range has been designed with exactly that in mind. Engineered with cutting-edge safety technologies, the MGS5 EV offers protection for you and your loved ones.

Its advanced PILOT Safety suite features are all meticulously designed to enhance your safety on every journey. Beyond its superior safety performance, the MGS5 EV range combines premium driving and comfort with the highest standards of safety, ensuring you can drive with complete confidence and peace of mind.

INTELLIGENT SPEED LIMIT ASSIST

Actively detects speed limit signs and alerts you to your current vehicle speed.

AUTONOMOUS EMERGENCY BREAKING

AEB maintains continuously monitors the road ahead, autonomously engaging the brakes should it detect any obstacles posing a potential threat to the driver.

LANE KEEP ASSIST

Alerts the driver when the MGS5 EV getting too close to the lane edge.
